Update SKIN-Collection

Dear costumers,

We would like to inform you that our research and development team has analysed the new trends in the market in order to respond to the needs of a sector in continuous development. As result, we want to introduce a new SKIN-Collection starting from November 1st, 2019 that will provide innovative solutions to your enquiries.

Because of that:

- No longer available decors → 4748 / 4749 / 4750 / 4751 / 4752 / 4754 / 6588 / 6753 / 6754 / K108 / 5454 / 6737
Orders including the mentioned decors will be accepted until September 30th, 2019 and will be delivered at the latest November 30th, 2019.
- Decor No: 6299 / 6385 / 6581 will no longer be part of the SKIN-Collection, but will still be available.

Over the next few months, we will inform you about the novelties that will enrich the range of decors.

We look forward to your future cooperation.

For further questions, we are at your disposal.

Best regards,
